

# Stupendous games and Cultural

Friday and Saturday brought excitement to the capital with, first, a day of races, games, food and music at the old weather station grounds, followed by a Saturday canoe race that attracted 13 outriggers and was won by Jeffery Bunglick on Jiraal Alfred's Wolae Wolao (class one) and by Rain Snight on Jiraal Alfred's Kibed (class two). On Friday, school children enjoyed various races from relays to bags, the Ministry of Health offered free health screening, the Alwal string band (at right) entertained, and the ladies tried their hand at lejonjon (juggling). Earlier in the week, jaki-ed weavers put on a demonstration that caught the attention of local students, while the WAM program offered free canoe rides at the old weather area.
